

Thank you for your interest in supporting Athletes Lab Foundation, INC. The Athletes Lab Foundation was created to help scholarship kids for training and playing upper level sports; as well as, helping to provide scholarships across our community for those who need financial assistance attending college. The Foundation will also assist in growing sports and community outreach growth.

The Athletes Lab Foundation was proud to award Ben Mast "The Mike Beard Memorial Scholarship" in the Spring of 2023. Ben Mast will be playing football at the college level and the Athletes Lab Foundation will be providing him with \$2500 every year for the duration of his 4-year education for a total of \$10,000.

Your commitment to youth sports by supporting this Wiffle Ball Tournament is greatly appreciated and by making this donation you will be directly impacting the youth in our surrounding community.
